EPLC

European Patent Litigation Certificate

Application is open until 17 September 2025

Supported by the European Union

patentlitigationcertificate.eu

Aim of the EPLC

This course leads to the required qualification for European patent attorneys (who are entitled to act as professional representatives before the EPO in accordance with Article 134 EPC) to represent parties before the Unified Patent Court according to Article 48 AUPC.

The EPLC is designed specifically for legal practitioners and interested parties wishing to litigate before the UPC, particularly European Patent Attorneys.

Almost half of the course will be organised online. Participants can work using their own devices at home or in their offices. This is complemented by three short stays in Trier, during which participants will undergo intensive face-to-face training comprising interactive and practical exercises.

After successful online and oral examinations, the participating European patent attorneys will be granted the EPLC entitling them to represent parties before the UPC.

About the partnership

The Academy of European Law (ERA) and Maastricht University (UM) joined forces in 2022 to create a dynamic and comprehensive training programme for European patent attorneys wishing to plead before the Unified Patent Court (UPC).

This collaboration was launched alongside the entry into force of the Protocol on Provisional Application of the UPC Agreement on 19 January 2022 – an event that marked the official establishment of the UPC as an international organisation.

With ERA's expertise in EU law training and UM's reputation as a leading international university, this high-calibre course equips European patent attorneys and professionals interested in patent litigation with the best tools to understand the legal framework and procedural rules necessary to litigate before the UPC.

Terms & Conditions

Participation

According to Article 48 UPCA, to be able to represent a party before the Court, the patent attorney should first of all be entitled to act as a professional representative before the European Patent Office in accordance with Article 134 EPC. Proof of this entitlement is therefore requested from participants wishing to obtain the EPLC.

Legal practitioners with knowledge and experience in patent law and litigation may be accepted on the basis of a proven track record.

Travel & Accommodation

Participants organise their own travel and accommodation.

Language

Participants should have a working knowledge of English.

Costs

Participation fee: € 3900

This does not include travel or accommodation. Beverages and meals during the course are provided.

Your benefits

Qualification for Representation before the Unified Patent Court

The course qualifies European patent attorneys, in accordance with Article 48 of the Agreement on a Unified Patent Court (AUPC), to represent parties before the Unified Patent Court (UPC).

Specialised Training for Patent Attorneys

The EPLC is specifically designed for European patent attorneys, providing in-depth knowledge of the legal framework and procedural rules of the UPC.

Recognised Accreditation

This EPLC programme is officially accredited by the Administrative Committee of the UPC.

Interactive Case Studies & Moot Courts

Practical case analyses and simulated court hearings create a realistic training experience organised in small groups.

Flexible Learning Structure

Approximately half of the course is conducted online, allowing participants to learn conveniently from home or the office. Monthly two-hour online tutorials are organised after working hours. This is complemented by three on site sessions in Trier, featuring intensive, interactive exercises.

Renowned Instructors

The course is taught by leading experts, including distinguished academics, experienced patent litigation lawyers, patent attorneys, judges, and representatives of the Court of Justice of the European Union.

Continuing Professional Development (CPD)

As with all of ERA's courses, you can request a certificate of attendance for CPD purposes.

On-Demand Access to Course Materials

Recordings and learning materials are available online during the course.

Court Visits

Part of the course is a visit to the Court of Justice of the European Union (CJEU) and the Unified Patent Court (UPC) in Luxembourg with the opportunity to meet staff and engage in discussions to address your questions. If a hearing is scheduled at the CJEU on the day of your visit, you will also have the chance to attend and observe the proceedings firsthand.

Adapted for European Patent Litigators

As this course is centred on litigation practice before the UPC, participation is also open to lawyers in private practice wishing to litigate before the UPC.

Social Programme

This course offers a varied social programme including networking dinners with fellow participants, wine-tasting in the Mosel vineyards, and a guided walking tour in the historic city centre of Trier, the oldest city in Germany, known for its well-preserved Roman and medieval architecture.

Flexible Payment Plans

There is an option for payment instalments
