

EPLC

European Patent Litigation Certificate

Registration is open until 20 September 2024

Supported by the European Union

 patentlitigationcertificate.eu

Aim of the EPLC

This course leads to the appropriate qualification for European patent attorneys (who are entitled to act as professional representatives before the EPO in accordance with Article 134 EPC) to represent parties before the Unified Patent Court according to Article 48 AUPC.

The EPLC is designed specifically for European patent attorneys in light of the particular needs of the profession.

Almost half of the course will be organised online. Participants can work using their own devices at home or in their offices. This will be reinforced by several short stays in Trier, during which participants will undergo intensive face-to-face training comprising interactive and practical exercises.

After online and oral examinations, the participating patent attorneys will be granted the EPLC entitling them to represent parties before the UPC.

About the partnership

The Academy of European Law (ERA) and Maastricht University (UM) are partnering to develop an attractive offering of professional training in a joint curriculum for patent attorneys wishing to appear before the Unified Patent Court (UPC).

This cooperation project was launched with the entry into force of the Protocol on Provisional Application of the UPC Agreement on 19 January 2022, which marked the birth of the Unified Patent Court as an international organisation.

ERA, as a renowned provider of professional training in EU law, and UM, as an international university of excellence, will offer a high-standard course giving patent attorneys the best tools to understand the legal framework and procedural rules necessary to litigate before the UPC.

Terms & Conditions

Participation

According to Article 48 UPCA, to be able to represent a party before the Court, the patent attorney should first of all be entitled to act as a professional representative before the European Patent Office in accordance with Article 134 EPC. Proof of the entitlement will therefore be requested from participants wishing to obtain the EPLC.

National patent attorneys with knowledge and experience in patent law and litigation may be accepted on the basis of a proven track record.

Travel & Accommodation

Participants will organize their own travel and accommodation.

Language

Participants should have a working knowledge of English.

Costs

Participation fee: 3900 €

The price includes lunches and coffee breaks served during the face-to-face training sessions.
